MODIFIED OSWESTRY LOW BACK PAIN DISABILITY QUESTIONNAIRE

This questionnaire has been designed to give your therapist information as to how your back pain has affected your ability to manage in everyday life. Please answer every question by circling the **ONE CHOICE** that best describes your condition today. We realize you may feel that two of the statements may describe your condition, but **please circle the one choice which most closely describes your current condition.**

<p>SECTION 1- Pain Intensity</p> <ol style="list-style-type: none"> 0. The pain is mild and comes and goes 1. The pain is mild and does not vary much 2. The pain is moderate and comes and goes 3. The pain is moderate and does not vary much 4. The pain is severe and comes and goes 5. The pain is severe and does not vary much 	<p>SECTION 6- Standing</p> <ol style="list-style-type: none"> 0. I can stand as long as I want without increased pain 1. I can stand as long as I want but my pain increases with time 2. Pain prevents me from standing more than 1 hour 3. Pain prevents me from standing more than ½ hour 4. Pain prevents me from standing more than 10 minutes 5. I avoid standing because it increases my pain right away
<p>SECTION 2- Personal Care (Washing, Dressing, etc.)</p> <ol style="list-style-type: none"> 0. I do not have to change the way I wash and dress myself to avoid pain 1. I do not normally change the way I wash or dress myself even though it causes some pain 2. Washing and dressing increases my pain, but I can do it without changing my way of doing it 3. Washing and dressing increases my pain, and I find it necessary to change the way I do it 4. Because of my pain I am partially unable to wash and dress without help 5. Because of my pain I am completely unable to wash or dress without help 	<p>SECTION 7- Employment/Homemaking</p> <ol style="list-style-type: none"> 0. My normal job/homemaking activities do not cause pain 1. My normal job/homemaking activities increase my pain, but I can still perform all that is required of me 2. I can perform most of my job/homemaking duties, but pain prevents me from performing more physically stressful activities (ex. Lifting, vacuuming) 3. Pain prevents me from doing anything but light duties 4. Pain prevents me from doing even light duties 5. Pain prevents me from performing any job or homemaking chores
<p>SECTION 3- Lifting</p> <ol style="list-style-type: none"> 0. I can lift heavy weights without increased pain 1. I can lift heavy weights but it causes increased pain 2. Pain prevents me from lifting heavy weights off the floor, but I can manage if they are conveniently positioned (ex. On a table) 3. Pain prevents me from lifting heavy weights off the floor, but I can manage light to medium weights if they are conveniently positioned 4. I can lift only very light weights 5. I cannot lift or carry anything at all 	<p>SECTION 8- Social Life</p> <ol style="list-style-type: none"> 0. My social life is normal and does not increase my pain 1. My social life is normal, but it increases my level of pain 2. Pain prevents me from participating in more energetic activities (ex., sports, dancing, etc.) 3. Pain prevents me from going out very often 4. Pain has restricted my social life to my home 5. I have hardly any social life because of my pain
<p>SECTION 4- Walking</p> <ol style="list-style-type: none"> 0. I have no pain when walking 1. I have pain when walking, but I can still walk my required normal distances 2. Pain prevents me from walking long distances 3. Pain prevents me from walking intermediate distances 4. Pain prevents me from walking even short distances 5. Pain prevents me from walking at all 	<p>SECTION 9- Traveling</p> <ol style="list-style-type: none"> 0. I get no increased pain when traveling 1. I get some pain while traveling, but none of my usual forms of travel make it any worse 2. I get increased pain while traveling, but it does not cause me to seek alternative forms of travel 3. I get increased pain while traveling, which causes me to seek alternative forms of travel 4. My pain restricts all forms of travel except that which is done while I am lying down 5. My pain restricts all forms of travel
<p>SECTION 5- Sitting</p> <ol style="list-style-type: none"> 0. Sitting does not cause me any pain 1. I can only sit as long as I like providing that I have my choice of seating surfaces 2. Pain prevents me from sitting for more than 1 hour 3. Pain prevents me from sitting for more than ½ hour 4. Pain prevents me from sitting for more than 10 minutes 5. Pain prevents me from sitting at all 	<p>SECTION 10- Sleeping</p> <ol style="list-style-type: none"> 0. I get no pain when I am in bed 1. I get pain in bed, but it does not prevent me from sleeping well 2. Because of my pain, my sleep is only ¾ of my normal amount 3. Because of my pain, my sleep is only ½ of my normal amount 4. Because of my pain, my sleep is only ¼ of my normal amount 5. Pain prevents me from sleeping at all

_____ Total Points Scored / _____ Total Points Possible = _____ % of Disability (put this number in the EMR)

TREATMENT AREA/BODY PART PAIN

Please circle the number indicating your worst pain during the **last 24 hours**:

0 1 2 3 4 5 6 7 8 9 10
| | | | | | | | | |

0= No pain

1= Tolerable discomfort

2= Minimal pain, when in certain positions or situations, can be ignored

3= Pain cannot be ignored, but can be tolerated, minimal concentration interference

4= Pain occasionally interferes with concentration, minimal pain compensation behaviors, performance difficulties with one or two tasks

5= Pain interferes with concentration and/or performance difficulties 25% of the time, pain compensation behaviors displayed

6= Pain interferes with concentration and performance difficulties 50% of the time, pain compensation behaviors displayed

7= Pain interferes with concentration and performance difficulties 75% of the time, pain compensation behaviors displayed

8= Pain continuously interferes with concentration and performance is limited, pain compensation behaviors displayed

9= Intolerable pain, concentration and performance interference except basic needs of eating, toileting

10= Intolerable pain, unable to concentrate, performance difficulties and limitations in all tasks, hospitalization required.

This item for Follow Up/Discharge Visit Only

TREATMENT AREA/BODY PART IMPROVEMENT INDEX

Please circle the percentage of your improvement since beginning therapy:

0 10 20 30 40 50 60 70 80 90 100
| | | | | | | | | |

No improvement

Complete recovery

Scoring the Modified Oswestry Low Back Pain Index:

- The first statement in each section has a value of 0, the second a value of 1, the third 2, the fourth 3, the fifth 4, and the last statement 5. If a patient marks 2 boxes, score the highest value box.
- Add the scores. If the patient didn't complete all sections, the final score is divided by the total possible score (5 for each section **answered**), and then multiplied by 100 to determine a disability percentage. Example: If only 9 sections were answered for a total of 24, then $24/45 = 0.53$. Multiplied by 100 = 53%.
- All values should be rounded to the nearest whole number, i.e. 26.5 is 27% and 33.33 is 33%.
- Put the actual disability percentage in the functional assessment score section of the EMR.
